# WANT HARPER OUT? *let's* VOTETOGETHER

In the upcoming election, you'll be voting in a riding called **LONDON NORTH CENTRE**

The Harper Conservatives could win in your riding if the vote splits between the **Liberals**, **NDP** and **Greens**.

The left pie chart shows the current vote split: CPC (36.7%), LPC (32.13%), NDP (27.07%), and GPC (4.08%). The right pie chart shows the potential for a strong candidate if voters unite: CPC (36.7%) and Progressive (63.3%).

But, if we **Vote Together**, we can elect a strong candidate who can move Canada forward.

More than 20,000 people - including hundreds of your neighbours - have already joined Leadnow's campaign to vote together, defeat Harper and move Canada forward.

# Why **VOTE TOGETHER?**

A growing majority of people across Canada believe that the Harper Government is taking us in the wrong direction and agree that it's time for a new government.

**But Harper could win again if the vote splits between the NDP, Liberals and Greens.**

If we **Vote Together** in key ridings across Canada, we can defeat the Conservatives.

**Here's the plan:**

## **Build**

a block of voters who pledge to **Vote Together** because Harper wins when the vote splits.

## **Focus**

our support behind the best candidates who can defeat the Conservatives in swing ridings.

## **Vote**

our plan will only work if we show up to the polls!

**Join the campaign. Sign the Vote Pledge at [VoteTogether.ca](http://VoteTogether.ca)**

The Vote Together campaign is powered by Leadnow.ca, a community of more than 370,000 people across Canada working for an open democracy, a fair economy and a clean environment.

This brochure was distributed by the volunteer wearing the purple LeadNow shirt who asked Mark Vandermaas for a strategic voting pledge. (Note the LeadNow sign on the other lady holding a 'vote pledge' sign.) LeadNow later claimed in an email to Israel Truth Week that they did not organize or participate in the rally.
